That is why they often appear in our dreams as well. Dreams about our parents often don't have any special meaning for our life because they merely reflect our daily occurrences. In other cases, dreams about them have a special message from our subconscious and should never be neglected and ignored. Dreams about our mother often symbolize our inner guidance and intuition. Our mother appearing in our dream could symbolize your ability to make thoughtful decisions regarding your future. This dream could reveal how you make your choices in life. If your mother was talking to you during the dream, that usually has great importance and it is necessary for you to remember those words and try to decipher them. It could be your intuition talking to you in the form of your mother in the dream. This dream could be a sign of your ability to make beneficial decisions regarding your future. It could indicate someone coming to help you in a difficult situation. It is often a sign of help from unexpected direction. A dream about your mother could indicate receiving help from someone unknown. It could be a sign of being protected and supported in life. Dreams about our mother continue long after our mother passes away. Oftentimes we dream about our deceased mother because we cannot accept the fact that she is no longer with us. Dreaming about eating with your mother - If you dreamed about eating with your mother, the dream doesn't have a good meaning. It indicates failing to make beneficial decisions and instead making irrational moves which could only jeopardize you. Dreaming about being in your mother's house - If you dreamed about being in your mother's house, the dream could indicate some lesson you should learn from a situation you are experiencing. Being in your mother's house in a dream could be a sign that you are taking the wrong moves and that you should in fact be doing the opposite of what you are doing. Dreaming of your mother giving you advice - If you dreamed about your mother giving you advice, this dream often indicates your own gut feeling that something should be done in a certain manner. Maybe you need to make some decisions for the future and you intuitively feel which ones are the best. Dreaming about your mother being angry - If you dreamed that your mother was angry, that dream is usually not a good sign. This dream is often a sign of bad luck or disappointments you could soon experience. Maybe you feel that nothing you do can be successful or that you are constantly experiencing setbacks and encountering obstacles. Sometimes this dream indicates having regrets because of some choices you made. Dreaming of making your mother angry and frustrated - If you dreamed of causing frustration and anger to your mother, that dream is certainly not a good sign. It indicates making bad choices or avoiding confronting some problems you have. Dreaming of your mother looking sinister - If you dreamed about your mother looking evil and sinister, that dream is not a good sign. It indicates being fooled by your intuition and making mistakes, bad choices and decisions. It is not a good sign regarding some future decisions and warns you to be careful and think things through before deciding something. This dream could indicate feeling frustrated because you seem to always make the wrong choice. Maybe you feel that your luck has run out. Sometimes this dream could indicate your fear of making decisions and choices because you often make the wrong ones. Dreaming of your mother being happy - If you dreamed that your mother was in an excellent mood and very happy, that dream is a very good omen. It is a sign of some fortunate outcomes of your endeavors and ideas, and in general indicates good luck. This dream often reveals your satisfaction for successfully overcoming some difficulties or intuitively avoiding some bad situation. Dreaming of killing your mother - If you dreamed about killing your mother, that dream generally has a bad meaning. It is usually related with making bad choices and missing opportunities. It is often a sign of regret for some past bad choices and decisions. Maybe this dream indicates your need to accept the responsibility for some bad decisions from the past. It could also reveal your intention to have a dominant role in some situation. Dreaming about your mother visiting you in your home - If you dreamed about your mother coming to visit you, that dream is a good sign. It is usually a sign of success of your actions and endeavors; whatever you are planning to do now it is a good moment to start because the dream ensures the success of your activities. Dreaming about your mother calling you - If you dreamed that your mother was calling you for some reason, that dream could be a sign of setbacks and obstacles you could soon encounter. In some cases this dream could indicate someone close abandoning you or ending a relationship with you. It might also be a sign of bad choices and mistakes you could soon make about something important. Dreaming about talking to your mother - If you dreamed that you were talking to your mother, that dream is usually a good sign. It could be a sign of some good news you could soon receive and be pleasantly surprised. It is likely that the news will be related to some projects you are planning to undertake. Dreaming about having a fight with your mother - If you dreamed about fighting your mother, that dream is not a good sign. It is often an announcement of a difficult period in your life. Having a fight with your mother in a dream could be a sign of some unfortunate events or even accidents, often caused by your fault. Dreaming about your mother crying - If you dreamed that your mother was crying for some reason, that dream is usually a sign of a bad period in your life. A dream about your mother crying could be a sign of misfortune and often ill health. It could be a premonition of things changing for the worse in your life and preparing you for patience and endurance until that period passes. Often such a dream indicates experiencing some major life problems. It could be a sign of family conflicts and disagreements, which could affect the stability of your family relations. Consider the dream where your mother was crying as a warning and try to prevent some bad things from happening, if possible. Dreaming about crying to your mother - If you dreamed about crying to your mother about something, that dream could reveal your desire to be accepted and supported in some situation. You might be feeling insecure and inadequate in some situation and you feel that you need an encouragement from a person you love and trust. In some cases, this dream reveals feeling rejected by someone you care about very much. Dreaming about your mother dying - If you dreamed that your mother died, that dream is usually a bad sign. It could mean feeling that you have lost your sense of intuition or it could symbolically represent the bad choices you are making and your subconscious warning you to be more careful. This dream often reveals your feeling that you don't have a gift to foresee the best way to act in a certain situation. Maybe the dream reveals your incapability to solve problems or avoiding dealing with them. This dream is often a sign of major fears you have and you need to get rid of. Maybe you feel that everything you do is doomed to be a disaster and you can't get rid of the stream of bad luck. Maybe you feel that no matter what you do you cannot seem to make the right decision. In some cases, a dream of your mother dying could be a forewarning about possible health issues your mother could experience. Dreaming that your mother is dead - If you dreamed that your mother, who is still alive, was dead, that dream is usually interpreted as a warning sign about possible difficulties you could soon encounter. A dream of your mother dead could be also a sign of exhausting activities you are about to get yourself involved with, usually at work. It is likely that the difficult period will last for some time. Your mother dead in a dream is usually a sign of disappointments and obstacles you could face soon. Sometimes it is a sign of experiencing some loss. Dreaming about your mother in excellent health - If you dreamed about your mother being in excellent health that dream is an excellent dream sign. It usually indicates receiving the needed help exactly in the right moment. This dream reveals your ability to find help and support whenever you need them.
